

M'GRATH AWAITS PAY FOR ARMY FOOD

Majority of \$5,000 Worth
Distributed Here Not Set-
tled for Up to Noon.

John G. McGrath, distributor of
Army foods in Washington, is trying
today to collect amounts due from
community center and other or-
ganizations that obtained the sup-
plies on credit, as a settlement with
the War Department must be made
Saturday.

Of an approximate gross return of
\$5,000 that must be made, only about
two-fifths had been paid up to noon
today. While all the accounts are
considered good, Mr. McGrath will
have to make up the temporary de-
ficit, if there is any, as the War De-
partment consigned the goods on a
temporary credit basis, and he points
out that the obtaining of further
Army stores here might be made
difficult if the account is not settled
promptly.

The food distributor will be at
Commissioner Gardiner's office in the
municipal building until 5 o'clock
this afternoon, by which time, it is
hoped, most of the supplies will have
been paid for.

Sees Success of New Plan.

Commissioner Gardiner today ex-
pressed confidence that the citizens
movement to effect a permanent co-
operative buying and distributing en-
terprise will have a far-reaching ef-
fect in lowering food costs here.

There is every indication that the
Commissioners will make the plan
a central storage house in con-
nection with the plan.

Commissioner Gardiner, Representa-
tive Oliver of Alabama and Represen-
tative Kelly of Pennsylvania are
expected to be the principal speakers
at a meeting to be held tomorrow
night in the municipal building, when
practical details of the plan will be
considered.

The preliminary committee appoint-
ed to get the project started met last
night in the Park View School, New-
ton and Warder streets. Several
methods of financing co-operative
buying on a big scale were con-
sidered. These will be laid before
the general meeting tomorrow night,
at which time recommendations will
be made for enacting the committee.

Members of the preliminary com-
mittee met last night are Mr. Mc-
Grath, Miss Carl B. Norton, com-
munity centers W. Carson Ryan, Fed-
eral Employees' Union, No. 2; A. J.
Driscoll, citizens' associations; Ed-
ward A. Loyett, the Washington Steel
and Ordnance Company, and B. G.
Ladd, navy yard.

PASSES AGRICULTURAL BILL.

Senate Makes No Effort to Re-
store Daylight Repeal Rider.

The Senate late yesterday passed
the \$4,000,000 agricultural appropri-
ation bill, which recently was vetoed
by President Wilson because of the
rider for repeal of the daylight sav-
ing law.

No effort to restore the rider was
made in the Senate.
